

ad nothing in Richmond. He had said that he would like to enter the clothing business.

RETURN TO NEW ORLEANS

Captain and Crew of Hornet Retire to Expedition.
New Orleans, La., January 16.—Captain Charles Johnson, of the Hornet, after a successful expedition, and twelve members of the crew, including Chief Engineer David P. Rowland, returned to New Orleans today on the steamer Joseph Vaccaro, which sailed from Puerto Cortez last Wednesday. All were extremely reticent concerning the movement of the Honduras revolutionists.

Captain Johnson and crew left the Hornet at Ruanan and made their way in a sloop to Belize, where they boarded the Joseph Vaccaro. Their places on the Hornet had been taken by Honduras men, and when they departed from Ruanan, the gunboat was preparing to take arms and ammunition to Belize.

Manuel Bonilla was still at Ruanan when they left, whence he was directing the operations against the Hondurans on the Gulf coast of the mainland.

SCOUTING IN AEROPLANES

Experiment is Made at San Francisco by Bladen.

San Francisco, Cal., January 16.—The value of the aeroplane for scouting purposes was tested today by army officers, in connection with San Francisco's aviation meets. Troops sent out from the Presidio, over twelve miles north of San Francisco, covered the distance to the aviation ground, but despite the efforts of the aviators, their position was not discovered.

In the reconnaissance experiment, Walter Brookings, of the Wright team, carried up Lieutenant George B. Kelly, of the Thirtieth Infantry, who, at an elevation of about 1,500 feet, took a half-dozen photographs and made a survey of the country.

The biplane did not venture far enough from the ground, however, for the officers to discover the Presidio.

Later, Aviator Eugene Ely, of the Curtiss camp, made a reconnaissance, but though he flew almost as far as the biplane, he failed to catch sight of the soldiers. General Tasker S. Bliss, who acted as umpire for the experiment, expressed himself well pleased with Lieutenant Kelly's report, and said that he is convinced the aeroplane is highly valuable for scouting purposes.

BRYCE NOT TO RESIGN

British Ambassador Will Not Quit His Post.

Washington, D. C., January 16.—Rumors current in London today that Ambassador Bryce intended to resign as ambassador to the United States, were denied at the British embassy here.

Ambassador Bryce himself was asked a few days ago about a report of his resignation, and he had much work to do to accomplish in the United States, and did not contemplate leaving his post.

DR. J. HOPWOOD RESIGNS

Retires as President of Virginia Christian College, at Lynchburg.

[Special to The Times-Dispatch.]
Lynchburg, Va., January 16.—The trustees of the Virginia Christian College, here, in conference this afternoon and evening for many hours, having met to receive the resignation of President J. Hopwood, announced that no statement would be given out for publication tonight. It is believed Dr. Hopwood's resignation has been accepted, and that the board is considering the question of his successor. It is thought either Dr. S. F. Willis, formerly of New York, or Dean J. S. Thomas, formerly connected with the State public schools as examiner and superintendent of elementary schools, will be chosen for the vacancy.

Manufacturing Company Assigns

[Special to The Times-Dispatch.]

Lynchburg, Va., January 16.—Adams-McNee Manufacturing Company, one of the largest manufacturing plants of the State, assigned today the Hamiltons building, about \$20,000, and assets about \$25,000. Most of the creditors are local. The plant is being operated to complete unfilled orders, and will probably be reorganized.

All-Axe Stake Being Run

Rogers Spring, Tenn., January 16.—The running of the all-axe stakes of the United States Field Trials, began today, with forty dogs.

The record entry for any trials held in the United States on this date. The number includes dogs from successful trials in the trials of the season ending with the Rogers Spring meeting.

Eight braces were run today. Glenary, Mark, and Theodore Whitestone, Mobile, and Bill Johnson, were most fortunate in finding birds.

Because of the number of starters three days will be required to complete the all-axe event. Today's weather conditions were good.

Ask Aid for Cigar-Makers

Washington, January 16.—An appeal to the officers and members of organized labor is being sent out by the American Federation of Labor, asking financial aid for the striking cigar-makers at Tampa, Fla.

The Growth of CHILDREN

depends upon proper nourishment—a balanced ration. The most frequent lack is bone-forming material, causing soft, weak, diseased, crooked bones.

Scott's Emulsion

supplies every element needed. It's a balanced ration for bone as well as flesh. Every child should have a small dose daily.

always brings eager buyers. It's the result of confidence—an asset which we treasure too much to trifle with.

More facts about our

Sale of Distinctive Overcoats

Many men have had their eye on certain patterns that they felt unable to buy at the time. In they're coming now, one fellow yesterday with \$26.85 to buy a \$40 coat he'd spotted early in the season, another with \$35.85 to buy a \$50 coat, and so on.

Here's the schedule—

Men's Overcoats	Fur and Fur-Lined Overcoats
\$15 Overcoats now \$9.85	\$29 Fur Overcoats now \$12.85
\$18 and \$20 Overcoats now \$12.85	\$25 Fur Overcoats now \$12.85
\$25 Overcoats now \$17.85	\$50 Fur-Lined Overcoats now \$35.85
\$32 and \$35 Overcoats now \$22.85	\$75 Fur-Lined Overcoats now \$55.85
\$25 and \$40 Overcoats now \$20.85	\$100 Fur-Lined Overcoats now \$75.85
\$50 and \$65 Overcoats now \$35.85	\$150 Fur-Lined Overcoats now \$105.85

Suits same way.

News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1163 Hull Street.

A blaze in the home of R. D. Bailey, at the corner of Fourteenth Street and Seamen Avenue, that originated from an overturned oil stove, almost resulted in the destruction of the building yesterday afternoon. Except for heroic efforts on the part of the South Richmond fire department, which responded to the alarm, the residence would have undoubtedly gone up in smoke.

As it was, the damage amounted to something between \$50 and \$100. When the department arrived on the scene the smoke was pouring in black clouds from the windows, and the little red flames licked greedily at the dry wood in a way that threatened disastrous results not only for the Bailey home, but neighboring houses as well.

The firemen struggled through the smoke of the burning compartment and flooded the room with chemicals.

A half hour previous to this alarm the South Richmond fire department had responded to a call from 905 Perry Street, where the residence of Mrs. Mary Gary was threatened by a burning chimney. This blaze was smothered by the department before it was able to do any damage worth speaking of, and the fire apparatus was driven back to the station just in time to respond to the other alarm.

Big Day in Police Court.

A cloud of witnesses, sprinkled here and there with a few white faces, thronged the Police Court, Part 2, yesterday morning. The unlucky angel of "Little Africa" broke loose Saturday night, and one negro after another was "run in" for breaking the laws of the Commonwealth in some fashion or other.

"Doctor" Stubbs, recently of Petersburg, was charged with the murder of a woman, and was held for trial.

Thomas Johnson, colored, had to pay \$25 and costs for handling Lizette Carrington, colored, a stiff one on the kisser.

Thomas Garrett, colored, was stung \$10 and costs for going on the warpath Saturday night with the assistance of some red eye—and threatening the life of his spouse.

The jury in the case of the late Mrs. Mary Gary, who was killed by a burning chimney, returned a verdict of \$500 and costs for the insurance company.
